ARES BROWN COUNTY ORGANIZATIONAL MEETING

DE N9VJL: 08/28/94 03:20:56 RECAP

AUGUST 22, 1994

HI EVERYONE! BC ARES GOT OFF TO A GREAT START WITH OUT FIRST MEETING ON MONDAY AUGUST 22. 25 PEOPLE ATTENDED AND WERE TREATED TO A GREAT AMOUNT OF INTERESTING INFORMATION.

WAYNE PENNINGS WD9FLJ, DISTRICT EMERGENCY

SIREN TEST

COORDINATOR, SPOKE TO THE GROUP ABOUT THE IMPORTANCE OF THIS COMMITMENT. HE SPELLED OUT HOW WE SHOULD, AS VOLUNTEERS, MAKE THIS COMMITMENT ACCORDING TO OUR PERSONAL AMBITION LEVELS WHILE PAYING ATTENTION TO OUR PERSONAL LIMITATIONS. WAYNE INFORMED THE GROUP OF THE STRUCTURE OF ARES, THE IMPORTANCE OF AN EMERGENCY PLAN, AND HOW WE CAN WORK WITH OTHER EMERGENCY AGENCIES. HE ALSO SPOKE ABOUT ACTUAL EMERGENCIES HE HAS BEEN INVOLVED IN.

THE ARRL VIDEOTAPE "AT ANY MOMENT" WAS SHOWN. THE TAPE INCLUDED VALUABLE INFORMATION ABOUT THE BASIC STRUCTURE AND PURPOSE OF ARES.

BILL NIEMUTH, KB9ENO, EC OF OUTAGAMIE COUNTY, THEN SPOKE TO THE GROUP ABOUT OUTAGAMIE'S RECENTLY COMPLETED EMERGENCY PLAN, AND HOW THEIR COUNTY WORKS WITH EMERGENCY GOVERNMENT AND SERVICE AGENCIES. BILL TALKED ABOUT EQUIPMENT NEEDS, ESTABLISHING LIAISONS WITH SURROUNDING COUNTIES, AND SOME OF THE DRILLS OUTAGAMIE ARES HAS PARTICIPATED IN.

ANDY NEMEC KB9ALN, MENTIONED THE SPIRIT OF VOLUNTEERISM, AND HOW IF EVERYONE PITCHES IN AND DOES A LITTLE, NO ONE PERSON WILL GET BURNED OUT. HE ALSO GAVE A RECAP OF THE NUMEROUS WEATHER NETS WE HAVE HAD, POINTING OUT BOTH STRONG POINTS AND SHORTCOMINGS OF THE NETS.

JOE TENOR N9UPU, ASSISTANT EC AND NEW MANAGER, GAVE A QUICK OVERVIEW OF THE WEEKLY ARES NET AND WHAT WE HOPE TO ACCOMPLISH IN THE FUTURE WITH THE NEW, SUCH AS CONDUCTION DRILLS AND HANDLING WRITTEN TRAFFIC ON A REGULAR BASIS.

ON THAT NOTE, DALE WB9NRK, ASSISTANT EC, GAVE THE GROUP AN OVERVIEW OF HANDLING WRITTEN TRAFFIC, AND PUMPED UP THE INTEREST IN TRAFFIC HANDLING. SEVERAL GREAT IDEAS WERE BROUGHT UP BY GROUP MEMBERS ON HOW WE CAN PRACTICE TRAFFIC AND SERVE THE COMMUNITY. MORE INFO TO COME LATER.

LISA N9VJL, EC, CLOSED THE MEETING WITH INFO ON THE MOCK PLANE DISASTER (SEPT. 20), THE NATIONAL SIMULATED EMERGENCY TEST (OCTOBER 15-16), THE COUNTY SIREN TEST NET, AND THE LIAISON WITH THE COUNTY WHICH WAS RECENTLY ESTABLISHED.

ALL IN ALL IT WAS A VERY INFORMATIVE EVENING! I WAS THRILLED WITH THE PRESENTATIONS, AND THE GROUP'S ENTHUSIASM. LOOKING VERY FORWARD TO THE NEXT MEETING!

1000 THANKS TO ALL.

LISA / N9VJL

REMEMBER that the siren test for the Brown County Emergency Government is conducted on the 2nd Wednesday of each month at 12:00 noon; check in for the NET is at 11:55 a.m. on the 147.120. November 1993 (newsletter) had a list of the 36 locations. Also the test are used in the EARLY WARNING system used in the SEVERE WEATHER CONDITIONS, Lets try to check in and try to get all the SIRENS tested before BAD WEATHER COMES - OK - THANKS.

ARES BROWN COUNTY

(AMATEUR RADIO EMERGENCY SERVICES)
THE BROWN COUNTY ARES UNIT WILL BE GEARING UP WITH A MEMBERSHIP DRIVE AT THE NEXT MIKE & KEY CLUB MEETING ON SEPTEMBER 8, 1994: PERSONS PRESENT MAY SIGN UP AT THE MEETING (NO FEE), OR CONTACT LISA - N9VJL FOR MORE INFORMATION. WE WOULD LIKE TO HAVE ALL AMATEURS WHO ARE LICENSED IN BROWN COUNTY ON RECORD FOR THE ARES UNIT.

RESPONDING TO EMERGENCIES WITH OUR UNIQUE COMMUNICATIONS ABILITIES IS PART OF THE BASIS & PURPOSE OF AMATEUR RADIO AS SET FORTH IN THE FCC RULES PART 97, SECTION 97.1: PLEASE LOOK OVER THIS SECTION & REFRESH YOUR COMMITMENT TO THE PURPOSES OF AMATEUR !!

EVEN IF YOU FEEL YOU DO NOT HAVE THE TIME OR DESIRE (AT THIS TIME) TO ACTIVELY PARTICIPATE. WE HOPE YOU CAN BE " AT THE READY " SHOULD WE NEED YOU. BY JOINING ARES, & GETTING SOME OF THE BASIC INSTRUCTIONS ON HOW COMMUNICATIONS SHOULD FLOW DURING EMERGENCY. SOMEDAY WE MAY NEED - EVERYBODY - !!

THE " SKYWARN " SYSTEM IS A PART OF ARES IN THE COUNTY, AND WE INTEND TO TRAIN AS MANY PEOPLE AS WE CAN. AS SOON AS WE CAN, TO ASSIST THE NATIONAL WEATHER SERVICE WHEN THEY NEED US. THANKS TO ALL WHO HAVE ALREADY EXPRESSED AN INTEREST IN THIS PART OF ARES! THE SUPPORT & ENTHUSIASM LEVEL HAS BEEN FANTASTIC, AND VERY MUCH APPRECIATED BY THIS " EC ". I LOOK FORWARD TO WORKING WITH ALL OF YOU, STAY " TUNED " FOR MORE UPCOMING TRAINING OPPORTUNITIES.

PLEASE FEEL FREE TO CONTACT ME (LISA - N9VJL) OR ANY OF THE AEC'S LISTED HEAR FOR MORE INFORMATION ABOUT " ARES " IN BROWN COUNTY - ALSO ABOUT MEMBERSHIP : THANK'S !!

147.120 Repeater

Below are step - by - step instructions on how to access and use the G.B. Mike & Key Club 147.120 MHz repeater controller. There are many more features, but at this time the ones below are the ones most commonly used and/or active.

Logging in

You must "log In" in order to use many features of our repeater. This ensures that only those authorized to use the repeater are able to do so. You have been issued a password, or can be issued one by N9DKH, KE9AS, KB9AMM.

- I. In order to log into the repeater, you must know your password
 - A. Your password can be anything that you can punch in from an HT keyboard, (0 - 9, A, B, C, D, #, *), but WILL begin with a 99 (this lets the repeater know that someone is trying to log in)
 - B. DON'T give your password to anyone. If there is some mischief about and you are the logged-in party, you may have a lot of explaining to do!
 - C. Passwords can be changed.
- II. Key up and punch in your password (don't forget the 99 at the beginning)
- III. Release your key
- IV. The repeater will respond with "KB9HQL, user 5 is on. No messages pending" or "KB9HQL, user 5 is on. Messages pending"
- V. You are now logged on and able to use the features available.

Logging off

In order to prevent someone else from using (or abusing) your authority on the repeater, you must let the repeater know that you are through. To do this, you "Log Off"

- I. To log off, just key up and punch in 99999
- II. Release your key
- III. The repeater responds with your call
- IV. KE9AS says "repeater clear"

Auto patch

- I. Log in with your own password
- II. Key up and press 160xxxxxxx where the x's represent the number that you would like to call
- III. Release your key
- IV. The repeater will respond with "Autopatch.. xxxxxx"
- V. At any time during the repeater's response, (or within $\frac{1}{2}$ second after the repeater says the last number) key (down-up) your mike (or kerchunk the repeater) to let the repeater know that it 'heard' your number correctly and it will dial that number

- VI. If the repeater responds with an incorrect number, do nothing, that is, don't kerchunk the repeater and it will not dial. Begin again at the top
- VII. Listen for the ringing and an answer and begin your conversation like normal.
- VIII. At the end of the conversation, key your mike and enter ** to hang up the autopatch
- IX. Release your key
- X. The repeater will respond with "Call complete at 00:00"
- XI. Time to log off

Leave a message

If you want to get a hold of someone and they are not around, you can leave a message for them on the repeater. Then the next time that person "Logs In", the repeater will inform them that they have a message pending.

- I. Log in and have the user number of the party handy (eg KB9HQL is user 5)
- II. Key up and punch in 120xxx (xxx is the user number of the party you wish to leave a message for)[1205 for a message to KB9HQL, 120100 to leave a message for user #100]
- III. Release your key
- IV. The repeater will respond with "leave message for KB9HQL" (or whichever user's number you have punched in)
- V. DURING the 5 second tone that is heard next, key your mike and begin your message
- VI. If, when you release your key, you hear a tone, you may have "timed out" the message timer and some of your message was not recorded
- VII. Time to log off

Read your Messages

If, when you "Log On" the repeater responds with "KB9HQL user 5 is on. Messages pending", you will want to 'read' or listen to the messages someone left for you.

- I. Log on and the repeater responds with "KB9HQL, user 5 is on. Messages pending"
- II. Punch in 123
 - A. The repeater will now 'replay' messages left to you
 - B. To replay the previous message heard, punch in 1231
 - C. To replay the message currently being heard, punch in 1232 during the message
 - D. To skip to the next message, punch in 1233 during the message
 - E. To announce the date and time the current message being heard was sent, punch in 1235 during the message
 - F. To discontinue all message playback, punch in 1238
 - G. To erase the current message, punch in 1230
- III. After hearing all of your messages, punch in 124 to erase all of your messages (this saves precious disk space), or replay them, then erase them
- IV. Time to log off

Personalize your Call

In order to have your call played back by the repeater in your own voice rather than the repeater voice:

- I. Log in
- II. Punch in 1340
- III. Release your key
- IV. During the 5 second tone, key up and say your call and release your key
 - A. To hear what you have recorded, punch in 1341n where n is your user number and the repeater will playback your call
 - B. To delete your call, punch in 1342n
 - C. Try it again if you want
- V. That's all, time to log off

How do I sound?

In order to test the quality of your signal at the repeater, you may perform a "voice coverage test" or a "touch tone test"

- I. Log in
- II. For a voice test punch in 140
 - A. During the 5 second tone that follows, key up and speak
 - B. Release your key and the repeater will playback the phrase that you have just spoken
- III. For a touch tone test (eg. if you think that the repeater is not interpreting you key pad correctly), punch in 141nnnnnnn..nn
- IV. Release your key and the repeater will "say" the numbers and/or characters that it heard (the nnnnns)
- V. Be sure to log off

Answer a call to the repeater

Occasionally your HT will emit a sound like an electronic telephone. Someone is trying to contact a HAM in the area through a reverse auto-patch. Give them a hand.

- I. You need not be logged in
- II. To answer a reverse patch call, punch in 160 and say
 - A. "Hello, this is the G.B. Mike & Key Club repeater, I'm KB9HQL, how may I help you?"
 - B. Carry on a conversation just like you had made the auto-patch call
 - C. Let's say the calling party is looking for KE9AS
 - D. Call for KE9AS as you would initiate a QSO any other time and if John is available, let him take over the call
 - E. If John is not available and the calling party knows his user number, ask if you can leave him a message
- III. Hang up the patch by punching in **

HOPEFULLY NEXT YEAR WE CAN DO BETTER
WITH BETTER REPORTING FROM ALL STATIONS:
AS I AM SURE I MISSED SOME INFORMATION FROM
THE PACKET STATION THAT WAS ON DURING
FIELD DAY. NEXT YEAR WE WILL HAVE TO GET
ALL QSO INFORMATION TOGETHER ON SUNDAY

AS IT MAKES IT EASIER FOR ME TO TABULATE
THE FINAL POINTS. LETS WORK TOGETHER AND I
AM SURE WE CAN DO BETTER.
